

One Person HSE First Aid Kits

- ✓ MDD Compliant
- ✓ UKCA Marked & CE Marked

The 1 Person First Aid Kit in a zipper pouch is an ideal solution for remote employees or individuals, offering convenient and portable access to essential first aid supplies. This compact kit, which complies with HSE recommendations under the Health and Safety (First-Aid) Regulations 1981, keeps all items securely stored together in an eye-catching pouch, making it easy to locate in emergencies. Our Aero-branded products ensure reliable performance and provide confidence and comfort in managing injuries, tailored specifically to support single-person needs. The kit includes necessary items for personal protection and immediate medical response, with the option to replenish supplies using our Refill products, promoting sustainability and ongoing readiness in handling medical emergencies.
