DESCRIPTION

Ice Diamond 501 Work Boot Details The Ice Diamond 501 is an extremely warm, flexible and lightweight safety boot. These pull-on work boots have proven to be the warmest, lightest and most versatile freezer footwear on the market.

The fabric-topped upper ensures maximum comfort and flexibility for wearers, supporting them throughout the day. Created after years of research, this unique patent designed insulated freezer safety work boot is manufactured to the very highest standards, assuring you many years of use. even in the most demanding of low-temperature environments.

- Fabric upper - Designed for comfort and flexibility as well as being lightweight
- Specially formulated PU - Doesn't freeze up in cold conditions, so less cracking and better grip
- Removable liner - While on break the operator can change their liners and have a dry pair for the next shift
- Felt insole - No cold transfer through the sole and the felt moulds to the shape of the foot for increased wearer comfort
- 200J Steel Toecap - Steel design provides 200J impact protection
- Pull-on Loops - Easy pull on/off with or without gloves
- Velcro Fabric Strap - to increase the fit of the boot
- SRA Slip rated
- CI tested - testing against the cold.
- Manufactured in India
