

## MODULAR SOAP DISPENSER

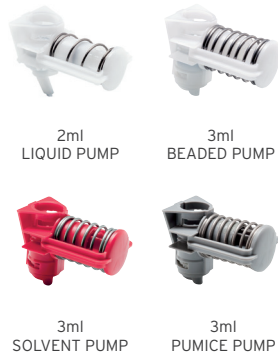

### LARGE, STANDARD & SMALL

#### PRODUCT DATASHEET

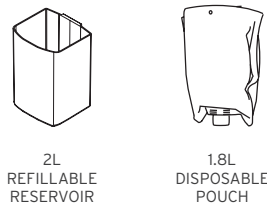

#### LARGE

#### AVAILABLE PUMPS

#### FILL OPTIONS

This multipurpose dispenser works with more hand care products than any other in the market including liquid and foam soaps, sprays, creams and gels. It uses interchangeable pumps to allow perfect dispensing of a variety of products. You can choose to dispense soap from a refillable reservoir or pouches. This dispenser can be locked to your product, meaning customers can only use your soap brand when you provide them with our dispensers.
