# V1503 MUKGUARD

## SPECIFICATION SHEET

### Short description

MukGuard is a new, innovative, reusable overshoe. It's been created for professionals who regularly enter customers' properties through the course of their work. Perfect for DIYers and gardeners as well, MukGuard keeps floors protected from dirty boots and shoes. MukGuard is reusable, washable and offers excellent grip as well as abrasion resistance. With an integral pull loop it's easy to get on and off whilst the carabiner ensures that MukGuard remains paired and can always be easily located.

### Sizes

XS S M L XL XXL XXXL  
(3/4) (5/6) (7/8) (9/10) (11/12) (13/14) (15/16)

### Upper

Thick neoprene with a nylon backer, stitched and glued to ensure strength and protection from wet and muddy boots. Pattern takes into account specific wear areas and avoids stitching on these areas.

### Sole

Proven grip compound pioneered in surf boots and gloves. Full Strength Footwear printed rubber composite excellent for grip and abrasion resistance. The broken pattern allows multidirectional stretch for good fit. Provides grip across a wide variety of surfaces from carpet to smooth wet tiles.

### Carabiner

Useful clip for attaching to the MukGuard to your trousers or tool bag for easy carrying and keeping them paired.

### Washing Instructions
